University of Essex

Object-Oriented Information Systems - Action Plan

At the end of this module, I am aiming to achieve the grade of Merit within my coursework.

What do I want/need to learn? Provide a specific description of the desired changes (e.g. skills to gain, knowledge to acquire, topics/themes/content to cover)	**What do I have to do to achieve this?** Some examples, a new/ongoing course, conference, self-development (like wider research or reading), coaching/mentoring, job shadowing	**What resources or support will I need?** Some examples, teaching staff support, library support, student advisor support, line manager, etc.	**How will I measure success?** Some examples, appraisals, course assessments, team feedback, tutor feedback	**Target dates for review and completion** Note that these need to be realistic/achievable
Be able to demonstrate understanding of UML diagrams	Watch seminars and participate in peer discussions/practical activities.	UML books as suggested in the Unit Reading sections of the module.	The grade achieved in the Unit 7 System Design assignment	Monday 21st June
Understand fundamental object-oriented principles and how they can be implemented within Python	Complete all Codio activities and read the suggested topics within the Unit Reading section of the module.	Unit Reading and Codio assignments.	The grade achieved in the Unit 11 System Implementation Assignment.	Monday 12th July
Design and implement an object-oriented solution	Complete Codio activities and consult upon previously designed UML diagrams.	Unit Reading and Codio assignments.	The grade achieved in the Unit 11 System Implementation Assignment.	Monday 12th July
Understand the overall importance of Information Systems	Complete peer discussions surrounding Information Systems.	Unit Reading.	The grade achieved in the Unit 12 ePortfolio Assignment.	Monday 26th July
